*Instrumentalizing Queerness:  
Homonationalism  
in Times of Occupation*

This seminar will revolve around the concept of Homonationalism. This term was developed by the scholar Jasbir Puar to describe how „acceptance” and „tolerance” of sexual minorities have become a way to measure the right to national sovereignty, and how the gay rights discourse became a tool of otherization. The presentation will use two examples: the EU’s attitude towards migration and potential EU candidates as an introductory example, & the case of Israeli pinkwashing as the main example.

**DATE: APRIL 3, 16:45 (CET), Room 9, Dobra 72**
